

Frauscher

POZIVA NA DRUŽENJE U VENECIJI INVITATION TO GET TOGETHER IN VENICE

Venecija se sprema za novo izdanje sajma brodova, koje će u periodu od 28. maja do 5. juna 2022. godine svojim spektakularnim sadržajem animirati stari Arsenal, donoseći u grad izvrsnost međunarodne brodogradnje. Da će na sceni nastupiti oni najbolji iz ovog sveta jasno vam je pri samom pogledu na spisak izlagača. Ukoliko tražite dizajn, performanse i kvalitet u istom plovilu, sigurni smo da će se jedno ime sa tog spiska svakako izdvojiti, jer austrijski proizvođač Frauscher definitivno poseduje „oružje“ kojim se opravdano izborio da zauzme istaknuto mesto na tržištu luksuznih glisera.

U svetu nautike ime Frauscher neretko ide ruku pod ruku sa terminom „masterpiece“. I to nije slučajno! Gotovo čitav vek ovo brodogradilište radi na kreiranju modernih, ultimativnih i unikatnih primeraka koji će zadovoljiti sve vaše apetite – kako glad za performansama, veštinom i brzinom, tako i hedonistički poriv za ugodnim, luksuzom obojenim identitetom istog.

Ako ste se nekad susreli sa jednim od njihovih modela, sasvim sigurno znate o čemu govorimo. Ukoliko to pak nije slučaj, Salone Nautico Venezia savršen je trenutak za vaš „blind date“. Tamo će vas u venecijanskom Arsenalu dočekati opasno zgodan **858 Fantom Air**, egzotikom obujmljen **1017 GT**, kao i model **1212 Ghost**, koji je sve samo ne nevidljiv.

Venice is preparing for a new edition of the boat show, which will liven up the old Arsenale with its spectacular content in the period from May 28 to June 5, 2022, bringing excellence of international shipbuilding to the city. It is absolutely clear that the best of this world will be there as soon as you look at the list of exhibitors. If you are looking for design, performance and quality in one boat, we are sure that one name from that list will definitely stand out, because the Austrian manufacturer Frauscher definitely has a method that rightfully managed to take a prominent place in the luxury speedboat market.

In the world of boating, the name Frauscher often goes hand in hand with the term "masterpiece". And it is no accident! For almost a century, this shipyard has been working on creating modern, ultimate and unique units that will satisfy all your appetites – both hunger for performance, skill and speed, as well as a hedonistic urge for a pleasant, luxuriously colored identity of the same boat.

If you have ever encountered one of their models, you know for sure what we are talking about. If this is not the case, Salone Nautico Venezia is the perfect time for your blind date. There, in the Venetian Arsenal, you will be greeted by the dangerously handsome **858 Phantom Air**, an exotically designed **1017 GT**, as well as the **1212 Ghost** model, which is anything but invisible.
